BC Eyeshadow Trios

Three natural colors in one compact for highlighting, contouring, shading, lining and a variety of eye-defining effects. Long wearing, crease resistant and safe for sensitive eyes. Key vitamins C and E and other anti-aging ingredients hydrate your skin, while light-deflecting color draws attention away from fine lines, skin imperfections and hyperpigmentation.

BC Mineral Blush

Two shades in one compact for custom color and a day-to-night option. Blend shades equally or use lighter shade for highlighting and the other to contour. Soft and luxurious texture stems from a skin conditioning, anti-oxidant formula that is safe for all skin types.

BC Mineral Lip Color

Treat your lips to sensational, long wearing color that is natural and nourishing. Ultra-moisturizing formula is infused with natural waxes and pigments that offer a conditioning and smoothing balm.
