

Skinlogics® Platinum Plus Starter Set

Has your age announced itself on your face?
Are you experiencing...

- Deepening lines, wrinkles and furrows
- Dehydrated, fragile, thinning skin that is easily irritated
- Increased visibility of sun and environmental damage including crepey skin and discoloration
- Advanced loss of firmness, elasticity and skin resiliency resulting in sagging skin and less defined contours
- Deceleration of skin cell turnover

You can still keep that number to yourself with Skinlogics Platinum Plus daily facial treatment — specifically formulated for 50+ skin.

50+ and looking FABULOUS!

facial scrub

Gentle exfoliating beads help accelerate skin cell turnover by ridding skin of dead surface cells so skin looks fresher and brighter, and feels noticeably smoother.

renewing night creme

Renew the look of 50+ skin overnight! While you sleep, an advanced bioactive complex rich in amino acids and peptides helps restore essential moisture, re-densify skin and improve its overall appearance. Renewing Night Creme is formulated with super-charged ingredients, including a di-ester delivery system to help accelerate visible results.

nourishing creme cleanser

Formulated with nourishing emollients, revitalizing antioxidants, moisturizing milk lipids and vitamins A, E and C encapsulated in our exclusive NutriSpheres™, this rich creme cleanses and conditions skin to restore its natural moisture balance.

relaxing tonic

This alcohol-free Tonic is formulated with potent ingredients such as white tea extract, grapeseed oil, vitamins A, C and E, cork oak extract and sodium hyaluronate which are scientifically blended to help skin look smoother and plumper to reduce the appearance of expression lines.

brightening day creme

Infuse 50+ skin with a scientifically advanced blend of ingredients including wild yam root, red clover extracts, THC (a derivative of cumin) and anti-aging peptides to visibly brighten, moisturize and firm, improve skin tone and clarity, and re-densify fragile skin.
