

The Hottest Anti-Aging Product for Beautiful Lips

Platinum Regeneration® Age-Defying Lip Treatment

#14356 \$22.50

before

after 8 weeks

If your lips are experiencing lines and wrinkles and loss of fullness or are drying and chapped — this product's for you.

It works to repair your lips and serves as a soothing lip balm. Contains no color pigments — so it can be worn alone or under lip color.

Advanced anti-aging ingredients, such as peptides, filling spheres and polyhydroxy acids (PHAs), bring proven results:

- Visibly plump your lips and fill in lines and wrinkles.
- Hydrate and nourish your lips with a blend of mega-moisturizers.
- Vitamin-enriched to help protect lips from further damage.
- Dermatologist, sensitivity and allergy tested.
