

NEW! Skinlogics® Clear – try it today

The new Skinlogics® Clear product line features technology's most effective ingredients in banishing blemishes and keeping them away.

Why we love it

- 1 Helps prevent new acne breakouts.
- 2 Works fast to dry and clear acne blemishes.
- 3 Gentle on skin – no angry irritations.
- 4 Active ingredients continue working after rinsing.

The best just got better –

we added the MOST ADVANCED ingredients to both prevent and treat acne-prone skin.

Skinlogics Clear replaces the All Clear® line in September with scientifically updated ingredients.

- Products are even more effective and gentler on easily irritated skin.
- The Deep Cleansing Gel, Oil Control Moisturizer, and Purifying Scrub/Masque contain RestoraClear™ Complex, a botanical blend of skin-clearing vitamin C, detoxifying and purifying botanical extracts and encapsulated salicylic acid to help loosen the dead skin buildup that often blocks pores and leads to blemishes.

Skinlogics Clear Starter Set

Contact me for our Skinlogics Clear Starter Set so you can get started today. Full size products available September 1, 2008. Your Starter Set contains 1 oz. bottles of Deep Cleansing Gel, Purifying Scrub/Masque, Blemish Control Tonic and Oil Control Moisturizer.

Skin care regimen

From teens to post-menopausal women, Skinlogics Clear helps those with recurring blemish breakouts, oily skin or an uneven skin texture.

Deep Cleansing Gel

Soap-free formula helps rid the skin of dirt, makeup and other impurities that trigger the onset of acne. Contains our RestoraClear™ Complex.

Purifying Scrub/Masque

Gentle scrubbing beads help remove dead skin cell build-up while kaolin, bentonite and sulfur rid skin of the impurities and excess oil that can clog pores. Contains our RestoraClear™ Complex.

Blemish Control Tonic

Same great formula as Skin Solution with 2% salicylic acid to help dry and clear acne blemishes. Leaves skin soft, clean and shine-free.

Spot Treatment Duo*

Two-in-one product that helps dry up, conceal and eliminate blemishes. One end is a clearing lotion with benzoyl peroxide, and the other end is a blemish gel with salicylic acid.

Oil-Control Moisturizer

Oil-free formula provides essential hydration without clogging pores. Leaves skin with a matte finish that's never tight or dry. Contains our RestoraClear™ Complex.
