

NEW Skinlogics® Thermal Facial Scrub

The busy woman's facial

No time? No problem. Imagine experiencing the relaxing and luxurious benefits of a facial every morning.

Skinlogics Thermal Facial Scrub combines the benefits of a facial masque and scrub into one amazing experience. Savor the heat as the formula warms to your skin and helps break up the dirt and impurities that clog your pores. As you massage your face, the motion activates the tiny, exfoliating beads that sweep away the debris, leaving your skin soft, healthy and glowing.

It's the perfect extension to the Instant Face Lift and gentle enough to use every day. The key is to exfoliate daily so your skin looks fresh and glowing every day.

Great for men and women. Makes a great alternate choice for those using Skinlogics Facial Scrub.
