

# New! An illuminating, natural glow with anti-aging benefits

## Triple Glow™ Gradual Tanners

Treat yourself to a glowing, radiant, sun-kissed tan without the damage of UV rays. Combining three different ingredients for a deeper, more natural glow, BeautiControl's Triple Glow™ Gradual Tanners build in intensity in just a few days for a smooth, even tan.

### Get the Gradual Tanner Advantage

Other tanners give you immediate color and emphasize streaks and application mistakes. Triple Glow Gradual Tanner for Body and Triple Glow Gradual Tanner for Face go on as a light, shimmery glow, gradually building in intensity with each application. They're virtually mistake-proof.

### Benefits:

- Leaves skin glowing, glimmering and illuminated after just one application
- Combines three different mechanisms of tanning for a deeper, more natural tan
- Offers the advantage of improving skin firmness and elasticity with antioxidant protection from free-radicals
- Provides all-day moisture for soft, silky skin
