

GET AN INSTANT AIRBRUSHED LOOK WITH **NEW TUSCAN SUN** FACE AND BODY BRONZER

#13937 \$25

Sparkle with a golden glow without going in the sun!
Apply Tuscan Sun Face and Body Bronzer in
less than a minute for a perfect sun-kissed look!

Application Tips

- 1 Less is more. Apply lightly and add as desired.
- 2 Avoid "color overdose" by toning down makeup on the rest of the face. Soft, subtle eye shadow, mascara and a light lip gloss will suffice.
- 3 Apply foundation/powder first, bronzer second, and blush third, or use bronzer in place of blush.
Tip: It is best to apply bronzer to powdered skin so it blends easier.
- 4 Bronzing powder can also be useful for thinning the face when applied to either side of the forehead...as well as for making legs appear more slender without the dangers of tanning.

Shimmer with mineral-based
Tuscan Sun Face and Body Bronzer
EXCLUSIVELY FROM THE THERMA DEL SOL® SPA COLLECTION

Using the soft, conveniently attached buffing puff, you can give yourself an instant airbrushed look in seconds, anywhere, anytime! Brush onto your face and body anywhere the sun would normally highlight, such as the apples of your cheeks, above your brow bone, bridge of your nose, below your lip, and décolleté. And the glow will last all day long!

How is
Tuscan Sun Face and Body Bronzer
different than other BeautiControl bronzers?

- It is mineral-based.
- It contains vitamins A, E, and C.
- The conveniently attached buffing puff gives the skin a perfectly airbrushed look.

Bring the sun to your Spa ESCAPEs®.

Mention the new Tuscan Sun Face and Body Bronzer during the Spa Beauti™ portion of your Spa ESCAPEs®. Show your clients how easy it is to create a fresh, radiant glow without the damaging effects of the sun. A sun-kissed touch on their face, shoulders and décolleté area is a great finishing touch! Dermatologist, sensitivity and allergy tested. Non-comedogenic. Fragrance-free.
